RESPONSE TO OFFICE ACTION AND
NOTICE OF NON-COMPLIANT AMENDMENT

Sir:

In response to the attached Notice of Non-Compliant Amendment dated July 11, 2006, the attached claims section of the Preliminary Amendment filed on June 28, 2006, has revised claim status consistent with the listing on the Notice. However, it is brought to the attention of the LIE that the more recent procedure is to accept status technology when clearly understood, even if not precisely consistent with the listing on the Notice.

The Commissioner is authorized to charge any fees for such extension and to credit any overpayment in fees to Attorney's Deposit Account No. 50-0481.

Date: 7/19/06

PRELIMINARY AMENDMENT

Sir:

In response to the Office Action dated March 28, 2006, please amend the above-identified application as follows:

Amendments to the Claims are reflected in the listing of claims, which begins on page 2 of this paper. Claims 1 and 15 have been revised to incorporate parts of dependent claims 3 and 17, with corresponding deletions in the dependent claims. These claim amendments are supported by the specification, page 6, second paragraph, and Figure 4. Applicants have revised the listing of claims to be considered withdrawn, since a number of claims previously considered withdrawn are clearly generic.

Remarks begin on page 7 of this paper.
